

Motability

The leading car scheme for disabled people

Use your mobility allowance
to get mobile...

Motability enables disabled people to obtain a new car, powered wheelchair or scooter simply by using their government-funded mobility allowances. Over 470,000 customers currently choose Motability for their mobility needs and 97% of them would recommend the Scheme to their friends.

You can join the Motability Scheme if you receive:

- **Higher Rate Mobility Component of the Disability Living Allowance**
- **War Pensioners' Mobility Supplement**

Even if you don't drive you can nominate up to two friends or relatives as drivers instead. Parents and carers can also apply on behalf of a child.

- **NO waiting lists**
- **NO credit checks**
- **NO medical assessments**

“There are too many people out there that could be enjoying the freedom that their own transport would give them. But, chances are they don't know how easy and affordable it is. The Motability Scheme isn't meant to be a secret but not enough people seem to know about it.”

Julie Fernandez Actress, disability rights campaigner and Motability customer

In this short DVD, Julie covers all you need to know about the Motability Scheme, from who can join to actually getting mobile.
