

# Driver Consent Form

As part of your worry-free package, two named drivers are included in your lease. When placing your order for a new car, your dealer will need the licence details of your proposed named drivers, including yourself if you wish to drive. If you already have a Motability car you will still need to provide these details even if you are not making any changes to your current drivers. Before you can proceed with your application all proposed named drivers will need to confirm they will abide by the Scheme guidelines and give us their consent to have their licence checked against the DVLA driver licence database.

Your proposed named drivers will need to be with you when you place your application for a new car. In exceptional circumstances if your proposed drivers are not able to go with you then this form will need to be completed in full and taken to your dealer with a copy of their driving licence when you place your order. Your dealer must send this form to Motability Operations Ltd within seven days of your order being placed.
