

Your handy checklist

Important things to consider before choosing a scooter or powered wheelchair

What is your height and weight?

_____ 

What is your weekly rental budget?

_____ 

How far and how long are your typical journeys?

_____ 

Do you wish to travel on public roads?

_____ 

Will you need to travel on public transport with your product?

_____ 

Are there any high kerbs to negotiate on your typical journeys?

_____ 

What type of surfaces or terrain will you be travelling on?

_____ 

Are there any steep hills on your regular journeys?

_____ 

Do you have to carry any mobility aids or shopping?

_____ 

Will you need to use your product inside your home?

_____ 

Do you need to get your product into a car?

_____ 

Is there somewhere safe to store it at home, where you can also charge it overnight?

_____ 

Do you have a medical condition that may require modifications to a standard product?

_____ 

Do you think your condition might change over the course of a three year lease?

_____ 

These are all things to make your dealer aware of when discussing suitable products with them.
